

REPORTING VANDALISM AND GRAFFITI

The Sheriff Department, Homeowner Association and your Crime Watch committee have been working hard to keep the graffiti off of surfaces in the area. This was an ongoing problem until recently. When you notice someone putting graffiti on a surface, vandalizing any common area equipment (anything for that matter), any suspicious activity or suspicious person, call the Sheriff first. Call (713)221-6000. Tell them you live in Copperfield and have a contract patrol service deputy. You will be listed as the reportee and not the complainant. The Association will be the complainant. This is important and everyone should be observing and reporting acts of vandalism in the neighborhood. This is being considerate of your neighbor and neighborhood and that is what Southcreek Village is all about. It also saves spending Association funds to clean up graffiti and repair or replace vandalized equipment. Please, call the Sheriff immediately.
